DETAILED ACTION

Examiner Note

It is noted that due to an oversight on the part of the USPTO, a preliminary amendment submitted by the applicant on 3/31//2008 was not timely forwarded to the examiner of record before an office action was mailed to the applicant. Therefore, the examiner inadvertently examined claims that were no longer pending via their cancellation by way of the preliminary amendment. The previous office action is therefore vacated and a new office action on the pending claims (claim 1) is included herein. Once again, it is noted that claims 2-33 were canceled via the preliminary amendment, leaving only one amended claim (claim 1).

Allowable Subject Matter

Claim 1 is allowable over the prior art of record.

Examiner Comment

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the drawings are hand written, sloppy and sometimes very hard to read. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ronald D. Hartman Jr. whose telephone number is (571) 272-3684. The examiner can normally be reached on Mon.-Fri., 11:00 - 8:30 pm, EST.
